29.5in

**Weight:** 50kg  
110lb

**Height:** 35-40cm  
14-16in

**Max Load:** 250kg  
550lb

Designed as a double expedition kayak and fleet hire boat. What does that mean? It needs to be tough as nails, easy to use, comfortable for long trips and actually store 2 peoples gear for a week-long trip.

The ORCA has a comfy moulded seat, will accommodate paddlers up to approx 6'5". It's super easy to pack with 3 massive hatch openings and beginners will love the confidence inspiring stability. All the fittings are heavy duty - stainless steel and aluminium. The rudder has an ergonomically placed colour coded easy engagement system coupled to one handed, quick adjusting pedals. Combine these features and you have a boat that is easy for first time kayakers to master and will please any expert on a long expedition.

## KAYAK FEATURES
